Public Listening Sessions

Modular & Manufactured Home Industries

The Idaho Division of Occupational & Professional Licensing (DOPL), *formerly Division of Building Safety*, would like to hear industry’s opinion on the reduction of barriers governing the modular and manufactured home industries. The Idaho Factory Built Structures board will be undertaking a full rule chapter review in 2023 in compliance with Executive Order 2020-01: Zero-Based Regulation. We are holding in-person public hearings with a virtual option for all stakeholders, to gather feedback regarding the current modular and manufactured home laws and rules. Public meeting event information is listed below:
