Local Inspector Listening Session
Building & Energy Codes

The Idaho Division of Occupational and Professional Licensing (DOPL), *formerly Division of Building Safety*, would like to hear from local building officials and inspectors on the current adopted building codes and the impact they have on the construction trades and consumers. Our Building Code Board is currently going through a full rule chapter repeal and replace in 2023 in compliance with Executive Order 2020-01: Zero-Based Regulation. We are holding a virtual inspector listening session to gather feedback regarding the 2018 International Building Code, 2018 International Energy Conservation Code, Part I-III & IX of the International Residential Code, 2018 International Existing Building Code and IDAPA rules governing such codes.

Public meetings are scheduled at the locations and times listed below:

Date	Location	Time
