CPE Warning Retraction

On March 24, 2023, the staff of the Idaho State Board of Pharmacy (Board) sent a warning letter (email) to a large group of licensees stating a deficiency in CPE credits. The report used to generate the most current warning letter was in error as it reflected courses taken and not actual credits earned.

This warning letter is hereby retracted and will not reflect upon any licensees in any way.

Please accept our sincere apology for the error and the alarm and inconvenience this may have caused.
