AFFIDAVIT

I, being first duly sworn, declare under penalty of perjury as follows: *(Please check the statement that applies)*

- I will be practicing as an athletic trainer in Idaho and meet the requirements listed below
- Prior to any practice as an athletic trainer in Idaho, I will meet the requirements listed below.

I will be practicing as an athletic trainer in Idaho and prior to any practice in Idaho, I will meet the requirements listed below.

I have completed the "Athletic Training Service Plan or Protocol" forms with my directing physician and have reviewed the agreement with my alternate directing physician.

A copy of the agreement is on file at each of my practice sites and is available to the Board upon request.

The agreement defines the working relationship and direction between my directing physician and me and includes: a list of the specific activities that will be performed by the athletic trainer; specific locations and facilities in which the athletic trainer will function; the methods to be used to insure responsible direction and control of the activities of the athletic trainer, which shall provide for: and on-site visit at least bi-annually and a periodic review of a representative sample of records. This review shall also include an evaluation of the quality of athletic training services being provided, the availability of the directing physician to the athletic trainer in person or by telephone, and procedures for providing backup for the athletic trainer in emergency situations, and procedures for addressing situations outside the scope of practice of the athletic trainer.

The written criteria were jointly developed by my directing physician, my alternate directing physician, and me. The agreement permits me to work under the direction of my directing physician(s).

ATHLETIC TRAINING SERVICE PLAN OR PROTOCOL

ATHLETIC TRAINING SERVICE PLAN OR PROTOCOL

An Athletic Training Service Plan or Protocol is to be maintained at each practice site and available to the Board upon request. The Athletic Training Service Plan or Protocol is a written document mutually agreed upon and signed and dated the athletic trainer and directing physician that defines the working relationship and direction between the directing physician and the athletic trainer as specified by Board rule. The Board of Medicine may review the written Athletic Training Service Plan or Protocol, job descriptions, policy statements, or other documents that define the responsibilities of the athletic trainer in the practice setting and may require such changes as needed to achieve compliance with these rules, and to safeguard the public.

DO NOT SUBMIT YOUR ATHLETIC TRAINING SERVICE PLAN OR PROTOCOL (SPOP1, PAGES 1-4) TO THE BOARD WITH YOUR APPLICATION FOR LICENSURE.

The following must be legible. Use additional sheets if necessary.

ATHLETIC TRAINING SERVICE PLAN OR PROTOCOL

Each licensed athletic trainer shall maintain a current copy of an Athletic Training Service Plan or Protocol between the athletic trainer and each of his or her directing physicians. This agreement shall **NOT** be sent to the Board but must be maintained on file at each location in which the athletic trainer is practicing. This agreement shall be made immediately available to the Board upon request and shall include:

ACTIVITIES

A listing of the general activities that will be performed by the athletic trainer. Check all that apply. (If checked, please list below anything in that section that is NOT part of your general activities.)

Prevention of athletic injuries by designing and implementing physical conditioning programs, performing preparticipation screenings, fitting protective equipment, designing and constructing protective products and continuously monitoring changes in the environment.

Comments:

Recognition and evaluation of athletic injuries by obtaining a history of the injury, individual inspection of the injured body part and associated structures and palpation of bony landmarks and soft tissue structures. Immediate care of athletic injuries may require initiation of cardiopulmonary resuscitation, administration of basic or advanced first aid, removal of athletic equipment, immobilization, and transportation of the injured athlete. The athletic trainer will determine if the athlete may return to participation or, if the injury requires further definitive care, the athletic trainer will refer the injured athlete to the appropriate physician.

Comments:

Rehabilitation and reconditioning of athletic injuries by administering therapeutic exercise and physical modalities including cryotherapy, thermotherapy, and intermittent compression or mechanical devices. (Please list mechanical devices used.)

Comments:

Athletic training services administration includes implementing athletic training service plans or protocols, writing organizational policies and procedures, complying with governmental and institutional standards and maintaining records to document services rendered.

Comments:

Education of athletes to facilitate physical conditioning and reconditioning by designing and implementing appropriate programs to minimize the risk of injury.
