Board Business

Possible Rule or Statute Change on Practical Applications of Real Estate Appraisal (PAREA) – Chairman Brinton opened discussion regarding whether the Board wants to adopt PAREA into their training curriculum. PAREA provides another pathway for aspiring appraisers to fulfill their experience requirements by taking advantage of innovative technology. PAREA is designed to offer practical experience in a virtual environment combining appraisal theory and methodology in real-world simulations. This experience can be provided through a wide range of online and virtual reality technologies. The Appraiser Qualifications Board created the program as an alternative to the traditional supervisor/trainee model for gaining appraisal experience.

Executive Officer Bird stated adoption of PAREA by the Board would require a rule change. PAREA is not ready until the end of the year, so language for a temporary rule change can be presented at the next meeting. Chairman Brinton requested staff write something up and present it at the next meeting.

Investigations, Complaints, and Licensing Applications – There was no Complaint Memorandum. Chairman Brinton suggested the Complaint Memorandum be provided at the same meeting in which the expiration of fees will be discussed.
