Commented [KS8]: Board approved to strike during 3.29.2023 Board meeting.

These definitions were incorporated into the appropriate section of supervision. The requirements have not been removed from rule. They were reorganized into the supervision section(s) that are applicable.

Commented [KS9]: Board agreed to strike per 8/2022 board meeting

Commented [KS10]: Duplicative of 54-2207 " An applicant for licensure as a physical therapist or physical therapist assistant shall file an application with the board on forms prescribed and furnished by the board. Commented [KS11]: Board agreed to strike per 8/2022 board meeting

Commented [KS12]: New definition approved during 3.29.2023 Board meeting.

Moved the definition to supervision rule for ease of readability and because the definition is only used in the supervision section.

Commented [KS13]: Board agreed to strike per 2/2023 board meeting.

This does not remove the ability for a physical therapist to practice dry needling. It is duplicative of 54-2203(5) and 54-2225

Commented [KS14]: Change made per 3.29.2023 board meeting.

This reflects the definition of general supervision and allows for PTAs in rural communities to better serve the public.

b. A physical therapist assistant may not continue to provide treatment as specified under a treatment plan of care if a patient's condition changes such that further treatment necessitates a change in the established treatment plan of care unless the physical therapist assistant has consulted with the supervising physical therapist prior to the patient's next appointment for physical therapy, and a re-evaluation is completed by the supervising physical therapist. ()

c. The supervising physical therapist must provide direct personal contact with the patient and assess the plan of care on or before every ten (10) visits or once a week if treatment is performed more than once per day but no less often than once every sixty (60) days. ()

~~a. A physical therapy student is only supervised by the direct supervision of a physical therapist. ()~~

b. A physical therapy student is required to sign all treatment notes with the designation "SPT" after their name, and all such signatures require the co-signature of the supervising physical therapist. ()

~~**05. Supervision Ratios.** ()~~

If the physical therapist is supervising the maximum of three supervised personnel at any one time, no more than two of the supervised personnel may be supportive personnel or physical therapist assistants. 67-9409(4): (4) In addition to the requirements set forth in this section, if it administers an examination as part of the application requirements, a licensing authority may require an applicant to take and pass all or a portion of such examination as may be necessary to demonstrate competence to practice in Idaho. A licensing authority shall not establish a jurisprudence examination to demonstrate competence to practice in Idaho.

Commented [MC23]: Duplicative of Title 67 Chapter 26. Change approved per 3.29.2023 board meeting

Commented [KS24]: Duplicative of 67-2614(4) & (7) & (8)

Per 67-2614, reinstatement is not an option after 5 years. Instead, a new application will be necessary and the board will determine qualifications based upon the initial licensure or reciprocal licensure requirements.

Commented [KS26]: Recommend striking. Defined in Statute. Board approved during the 2/2023 meeting.

Not needed as certification requirements were struck.

Commented [MC30]: Adjusted to eventually transition to a 2-year renewal cycle in alignment with the Division's strategic plan.

02. **Reinstatement of License.** Any license canceled for failure to renew may be reinstated in accordance with Section 67-2614, Idaho Code, with the exception that the applicant must submit proof of having met the following continuing education requirements: ()

- a. For licenses expired for three (3) years or less, one (1) year of continuing education; or ()
- b. For licenses expired for more than three (3) years, two (2) years of continuing education; ()

03. **Contact Hours.** The contact hours of continuing education must be obtained in areas of study germane to the practice for which the license is issued ~~a certificate of completion or transcript, as approved by the board.~~ ()

06. **Compliance Audit.** The board may conduct random continuing education audits of those persons required to obtain continuing education in order to renew a license and require that proof acceptable to the board of meeting the continuing education requirement be submitted to the Division. Failure to provide proof of meeting the continuing education upon request of the board are grounds for disciplinary action. ()

07. **Special Exemption.** The board has authority to make exceptions for reasons of individual hardship, including health or other good cause. The licensee must provide any information requested by the board to assist in substantiating hardship cases. This exemption is granted at the sole discretion of the board. ()

08. **Continuing Education Credit Hours.** Hours of continuing education credit may be obtained by attending and participating in a continuing education activity approved by the Board. ()

a. **General Criteria.** A continuing education activity which meets all of the following criteria is appropriate for continuing education credit: ()

i. Constitutes an organized program of learning which contributes directly to the professional competency of the licensee; ()

ii. Pertains to subject matters integrally related and germane to the practice of the profession; ()

iii. Conducted by individuals who have specialized education, training and experience to be considered qualified to present the subject matter of the program. The Board may request documentation of the qualifications of presenters; ()

Commented [KS31]: Approved during 3.29.2023 meeting with the change to CE being required on a 2-year cycle.

Commented [MC32R31]: This will reduce licensee confusion.

Commented [MC33]: This rule is unnecessary - the board doesn't need a rule to audit compliance. The second part is duplicative of subsections c. and d. Duplicative of the statutory grounds for discipline --54-2219(23). The APA provides a pathway for the board to waive a rule so this is unnecessary.
