Verification of Nurse Licensure in Idaho

Idaho no longer issues paper licenses and posts all LPN, RN, and APRN license records to the national database at Nursys.com. The Idaho Board of Nursing considers the records accessed at Nursys.com to be Primary Source Verification. These records are updated multiple times daily and contain the most current information available regarding nursing licenses issued by the Idaho Board of Nursing.

Acknowledging there are occasional circumstances where the Nursys.com database cannot be consulted or cannot be accepted, this form, if signed by an Idaho Board of Nursing representative and stamped with the Idaho Board of Nursing Seal, constitutes an accurate and official record of the Idaho licensure status of the named individual on the date it was signed.

Applicant: Submit this completed form to the Board of Nursing in the state in which you are requesting verification from.
