The meeting was called to order at 9:00 AM by Brad Compton.

BOARD BUSINESS

Proposed/Pending Rule Changes: The Board reviewed its proposed rules as outlined below.

Rule 257.09.b – Undesignated Tag Pool: The Board revised the language to read that allocated tags designated from the pool between April 20 and July 16 will be on a first-come, first-serve basis to an outfitting operation without any designated allocated tags or which has utilized all of its designated allocated tags, with a maximum of two tags per outfitter. This change separates the difference in pool designations prior to the July 16 deadline and after the deadline in section 257.09.d.

Rule 257.09.d – Undesignated Tag Pool: The Board simplified the language of the new proposed rule to state that tags will be designated on a first-come, first-serve basis after July 16, with all remaining tags being distributed among requesting outfitters with a maximum of two tags per outfitter per round. This change keeps the rule in line with its original language prior to it being separated out from 257.09.b.

Rule 257.09.e – Undesignated Tag Pool: The Board struck this proposed rule to collect further data on unused designated tags.

Rule 259.02 – (LS1) Little Salmon River: The Board added language to the new proposed rule requiring portage at The Amphitheater rapid on river right before May 15th when anglers are present in the hole below the rapid. The Board also added language prohibiting fishing. Both additions were included to comply with Idaho Fish and Game regulations.

A motion was made and seconded to adopt the rule changes as pending and have them posted in the Administrative Bulletin. The motion carried unanimously. Mr. Weiseth was recused.

Adjourn

There being no further business, the meeting was adjourned at 9:40 AM.

The next meeting is on 11/13/2024.
