CRDTS Presentation: Catrice Oplchka gave a presentation regarding the CRDTS Care Program which is a learning program-based designed to meet individual needs assessment of dentists.

Restorative Endorsement Discussion: The Board gave DOPL licensing staff direction on how to proceed with endorsement applications.

- Rule 100.03 does not specify the length of validity for the restorative endorsement examination. Under Rule 100.02.b, licensure examinations are valid for five years. By analogy, the board adopted a policy that any restorative exams taken within 5 years of an application will be viewed as routine applications and will not need to be presented individually to the board.

- Individuals may hold a restorative endorsement for the duration of licensure so long as they continue to renew on time and meet other provisions found within rule. If a licensee fails to renew or renews late, then the endorsement will be canceled at that time.
- The board further iterated that it is incumbent upon the licensee and the dentist to ensure that the individual is competent and capable of performing restorative functions in addition to holding this endorsement.
