DIVISION BUSINESS

Quarterly Financial Report: Ms. Edwards presented the financial report which showed a cash balance of \$262,851.90 as of 04/15/2025.

Delegated Authority Report: Ms. Edwards presented the delegated authority report to the Board.

BOARD BUSINESS

Clarification of Frequently Asked Questions Concerning Veterinarian Technicians: Ms. Edwards reviewed the Board's statutes and rules regarding the age of applicants for Veterinarian Technicians. She explained to the Board that during zero based regulation (ZBR) the Board removed the age requirement in Rule 100.01 and that the minimum age of twenty-one (21) only applies to veterinarian applicants. The Board directed DOPL staff to send a letter to licensees and to also work with the association to discuss with licensees.

CE Discussion: Mr. Spencer explained to the Board, that last year, the legislature adopted new rules promulgated by the Board in regard to continuing education. Those rules require licensees to complete 15 hours of continuing education germane to the practice of veterinarian medicine each renewal cycle. The rule was intended to be implemented with the new biennial renewal cycle adopted by statute. Unfortunately, biennial renewal is not yet a reality. Recognizing the intent of the rule, that 15 CE hours be required biennially, a motion was made and seconded to use enforcement discretion during this current renewal period: Licensees will not be required to

report CE until next renewal. All CE credit accumulated during the current renewal period may be added to CE hours completed during next year's renewal cycle. At that renewal cycle, licensees will be required to report 15 total hours of CE, accumulated during the 2024-25 and 2025-26 renewal cycles. The motion passed.

COHE Update: Ms. Edwards provided a COHE update to the Board which included DOPL inspection staff trained with Dr. Kasper-Sauer on the process of completing inspections of euthanasia agencies. The DOPL inspectors will be administering inspections moving forward; the last CET training is to be completed May/June 2025 with Dr. Kasper-Sauer; an initial CEA inspection will be a physical inspection by a COHE member or appointee; the annual self assessment is mandatory and DOPL staff will do a physical inspection of record keeping; newly certified euthanasia technicians will be required to take a course, skills test and exam with the supervising veterinarian signing off; and recertifications will only require the supervisor to sign off on skills. The Board has requested a report that shows how many certified euthanasia technicians there are in Idaho, on a continuous basis.
