## **BOARD BUSINESS**

**Idaho Code Clean Up Proposals (House Bill 14):** Mr. Spencer explained the purpose of the Idaho Code Clean Up Act, enacted this year as House Bill 14. It is a targeted clean-up of obsolete, outdated, and unnecessary language that has accumulated in statute. The purpose is not to reexamine legislative intent, make major policy changes, or to overhaul the statutes. The Division is responsible for making a review of all code sections relevant to the Boards, identifying sections that have become obsolete, outdated, or unnecessary and so could be repealed or modified, and making a report to the Legislature by September 1, 2025. Mr. Spencer stated that the legal team had completed its review of the Board's practice acts and presented the Board with drafts of the proposed changes. These changes will not be presented as Executive Agency Legislation (EAL) for the upcoming legislative session but will be incorporated into the report.
