**DIVISION BUSINESS**

**2026 Legislative Session:** Ms. Earl presented the 2026 legislative update to the Board. She reported that H0514 Barber and Cosmetology Services; S1285 Home School Diploma Equivalency; H0894 Open Meetings; H0703 Universal Discipline; H0497 Idaho Controlled Substances Act; H0935 Dentistry Licensure; and H0496 Podiatry Licensure successfully passed and have been signed by the Governor.

Additionally, Ms. Earl informed the Board that the rule changes for fees and mobile establishment licensure successfully passed and become effective July 1<sup>st</sup>.

**Open Meeting Law Training:** Mr. Loos presented training on Idaho Open Meeting Law.

**Financial Update:** Ms. Earl presented the Board's financial report for the third quarter of FY2026.

**BOARD BUSINESS**

**Lifestyle Injectables Committee Update:** Mr. Duffin, Executive Officer for the Lifestyle Injectables Committee, presented documents developed by the Committee. Following its final meeting, the

Committee finalized resources to be utilized both internally and by the public. These documents include a discipline matrix, Lifestyle Medications Guidance, and a Tips for Patients flyer.

**Classification Scorecard: Reinspection Review:** Ms. Strout explained the facility inspection and scoring process to the Board. Following a discussion about the current practice of replacing C-card scorecards with a passing scorecard if a facility comes into compliance after a mandatory 30-day reinspection, the Board agreed that the failing card should also remain posted all year until the facility's next annual inspection. This approach ensures transparency and allows the public to be fully informed before receiving services at the facility.

A motion was made and seconded to direct DOPL staff to require licensees to display initial classification scorecards until the next annual inspection, regardless of whether or not they correct the problems that made them receive a grade of C or lower.

**ProV Testing Center:** Ms. Earl shared with the Board an email she received stating that the ProV Testing Center in Spokane, Washington, has started administering the examination and welcomes students from Idaho.

**Certemy Update:** Ms. Earl informed the Board that Idaho has officially joined the NIC National Database created by Certemy. This database supports applicants and licensees with mobility and helps to recognize fraudulent applications.

**Establishment Discussion:** Ms. Earl informed the Board that with the passing of the rules during the 2026 Legislative session, licensees will now be able to apply for mobile establishment licenses, effective July 1<sup>st</sup>. The application and inspection process will be substantially similar to the current process, with minor differences, including the required business location information and the need to submit an itinerary for inspection purposes.

Ms. Earl informed the Board that the current OASIS application process requires applicants to select either a barber or cosmetology primary or contiguous establishment license, which has resulted in some applicants selecting the incorrect license type. To streamline the process, FAST and DOPL IT are working to remove the barber and cosmetology designations from the application. Applicants will instead apply for a primary or contiguous establishment license and select either a brick-and-mortar or mobile establishment designation.

**Conference Attendance Requests:** A motion was made and seconded to send up to 3 Board members and 2 staff members to the 2026 NABBA Annual Conference in September. The motion carried unanimously.

A motion was made and seconded to send up to 3 Board members and 2 staff members to the 2026 NIC Annual Conference in October. The motion carried unanimously.
